

# AIRPORT ALERT

## Tenant Notification

January 5, 2001

**TO:** King County International Tenant

**FM:** Cynthia Stewart, Airport Manager

**RE:** Temporary Facility Closure

King County International Airport is presently in the design stage of a project to repave its General Aviation Runway 13L/31R and upgrade related airfield electrical systems. This work is scheduled for construction later this year. Additional details concerning the timing of the construction will be provided to tenants in future correspondence.

The design work involves extensive surveying of the existing pavements, which is currently underway. In order to complete this work in a timely manner and permit the survey team to collect the required data, a full closure of Runway 13L/31R will take place on Thursday 11 January 2001 from 0700 hours to 1700 hours local time. Taxiways A-4 and A-7 are expected to remain open during this period.

We trust this advance notice will allow you to adjust your plans accordingly. Tenants are reminded to check NOTAMS for confirmation of exact closure details. Should you have any questions, please contact our Assistant Airport Manager, Mike Colmant at (206) 296-7453.
